*Special*

THURSDAY, FEB. 5, 2026 • NOON, MST  
STOCKMEN'S LIVESTOCK, DICKINSON, ND

**375+**

Replacement Quality  
HEIFER CALVES *from our customers*

# BUILDING DEMAND FOR YOUR HEIFERS

We're proud of the herds our customers are building with Strommen Ranch, Talkington Angus, and Best Angus genetics. Through the Badlands Angus Alliance, we help customers capture added value for their females. Since 2018, we've marketed more than 4,000 bred females for our customers – many earning a \$200–\$500 premium per head over other regional bred heifer sales. **The Badlands Angus Alliance is known as the premier sale in western North Dakota for source- and genetics-verified Angus replacement females, reflecting strong demand we've helped our customers build for maternally pedigreed cattle.** This sale is an extension of our robust customer service program and we're happy to support your long-term success.

The Badlands Angus Alliance Group is pleased to present the 3rd Annual Replacement Heifer Calf Special. This sale features carefully selected reputation heifers carrying Strommen, Talkington, and Best genetics.

Together with the staff at Stockmen's Livestock in Dickinson, we're proud to showcase our bull customers' replacement heifers and provide you an opportunity to add high-quality, maternally proven genetics to your herds or development programs. Heifer calves sold through this event qualify for the 2026 Badlands Angus Bull and Bred Female Sale when they are bred back to Strommen, Talkington or Best Angus calving-ease bulls—another way we add value to our customers' operations. This sale is just one aspect of our robust customer service programs that are designed to support the your long-term success!

The heifers will be presorted for quality, weighed and sold with accurate weights, confirmed open and breedable, bangs vaccinated, and supported by a full health and mineral program.

Buy with confidence from these reputable commercial herds. They are program-driven and reputation for a reason.

## DJ ERICKSON, BEULAH, ND

### 60 ANGUS REPLACEMENT HEIFER CALVES

Contact: DJ ERICKSON • (701) 870-7677

This is the top-cut of heifers - with nothing held back - from the DJ Erickson family. DJ has a good eye for the top end bulls and always finds the bulls from our great cow families. Their cow herd is backed by bulls that originated from Reich Angus and in recent years purchased Strommen Ranch sons of Rainfall, Silverado and Stellar. They have a long history of marketing their heavy market topping reputation steers through Stockmen's Livestock.

They have had a full scope of vaccinations both spring and fall including Bovi-Shield Gold One-Shot® and Bovilis® Vision® 7 Somnus with Dectomax® injectable in October. They had Synanthic® dewormer and Express® 5 and were Bangs vaccinated and preg-checked open and breedable.

## CHRIS PALMER, ZAP, ND

### 50 ANGUS REPLACEMENT HEIFER CALVES

### 30 BALDY REPLACEMENT HEIFER CALVES

Contact: CHRIS PALMER • 701-870-2048

We are excited to have this consignment of replacement heifer calves from Chris Palmer. These heifers are all sired by Strommen Ranch sons of Bruin Torque and SR Silverado 083. Chris is very intentional when he buys bulls knowing he wants to market high-end replacement heifers. The mothers to these heifers would have been home-raised F1 or F2 baldies or purchased from Scott Woroneicki as the premium, top cut from his heifer development program. The brothers to this group topped the market at Stockmen's Livestock when they sold in December. These heifers will be the very top cut of the black heifers with nothing held back, and a beautiful group of baldy heifers.

They have had a full scope of vaccinations both spring and fall including Bovi-Shield Gold One-Shot® and Ultrabac® 7, plus Ivermectin pour on and Valcor™ injectable dewormer in October. These heifers were poured with Ivermectin, were Bangs vaccinated, preg checked open and breedable. Buy with confidence here from good cattlemen and a program behind them.

## CAMERON DODGE/JUSTIN FORBES, KEENE, ND

### 30 ANGUS REPLACEMENT HEIFER CALVES

Contact: CAMERON DODGE • (701) 570-9844

Contact: JUSTIN FORBES • (701) 570-2317

The Dodge and Forbes families are first time consignors to the Badlands Angus Alliance Heifer Calf Special. They strive to produce cows with excellent maternal instincts that are superb mothers and are easy to handle. They walk through these calves daily; they have been handled right and are gentle to be around. The Dodge and Forbes families have been long time customers of both Talkington's and Best's. These heifers are sired by sons of Coalition, 602C, and Flat Top from Talkington's, and sons of Rainmaker and Resource from Best's. Their cow herd is heavily influenced by Tahoe, Raindance, Winchester, Leupold, Justified, Windy, Resource, Game Day, Best Ft. Peck, and Best Western.

These heifers have had a full scope of vaccinations, including Pyramid 5SQ Presponse, Vision 7 20/20 w/spur, and Dectomax® in the spring and Pyramid® 5 SQ Presponse, Bovilis® Vision® 7 Somnus with Spur, and poured with Cydectin® in the fall. These heifers are bangs vaccinated and preg checked open and breedable and poured with Clean-Up® II.

## CHANSEY JEWELL, CENTER, ND

### 15 ANGUS REPLACEMENT HEIFER CALVES

Contact: CHANSEY JEWELL • (701) 891-8169

Chansey and Katie Jewell are first time consignors to the Badlands Angus Alliance Replacement Heifer Calf Special. They are bringing a nice, extremely docile set of heifers to Dickinson. Although the group is small in numbers, this is the front end of their heifers, they are not holding any back. The heifers are all sired by two bulls, a son of Motive and a son of Rainfall, both from Talkington's. The dam's of these heifers are sired by son's of Tahoe, Navigator, and Maternal Made, also from Talkington's.

These heifers have been on a full scope of vaccinations, including Bovi-Shield Gold One-Shot® and Ultrabac® 7 in the spring, and Bovi-Shield Gold One-Shot® and Ultrabac 7/Somubac® in the fall. They were poured with Ivermax® and dewormed with Safe-Guard®. These heifers are bangs vaccinated and preg checked open and breedable.

## BRIAN AND LISA DREISKE, KELDRON, SD

### 40 ANGUS REPLACEMENT HEIFER CALVES

*Contract:* **BRIAN DRIESKE 605-374-9690**

Brian and Lisa Dreiske have been loyal customers of Strommen Ranch for many years and do a great job selecting bulls for their operation including multiple sons of our resident herd sire Bruin Torque. These end of April-May born heifers will be gentle, productive females, and have the genetics behind them to make a substantial contribution to anyone's cow herd.

They have purchased Strommen Ranch sons of Rainmaker 4404, OCC Wholesome, Raindance, Advance and many sons of Bruin Torque. The Drieske's have an extensive AI program for both their heifers and their cowherd using Comrade, Wolverine, Advance, Converse, Torque and Silverado recently. They have had a full scope of vaccinations both spring and fall including Bovilis® Vision® 7 Somnus and Bovi-Shield Gold One-Shot® and poured with Ivermectin. They are Bangs vaccinated and preg-checked open and breedable.

**BRUIN TORQUE 5261**

## BJ MARTIN, DICKINSON, ND

### 40 ANGUS REPLACEMENT HEIFER CALVES

*Contract:* **BJ MARTIN • (701) 290-2081**

BJ and Lindsay are repeat consignors to the Badlands Angus Alliance. Since starting this herd, BJ has put a lot of work into genetics, implementing an AI program and purchasing Talkington bulls. These heifers would be sired by 3 Talkington bulls, sons of Renovation, Image Maker, and Charged Up. All 3 bulls came out of really good, long-lasting cows. These heifers are extremely docile, you will love their dispositions.

These heifers have had a full scope of vaccinations both spring and fall including Bovilis® Vision® 7, Bovilis® Vista® Once, and Express® 5 HS, plus poured with Clean-Up® II and drenched with Safe-Guard® this fall. These heifers will be bangs vaccinated and preg checked open and breedable by Circle C Veterinary Service.

SAV **EASY STREET**  
2289

AAA #: 20473600 • We acquired SAV Easy Street 2289 with our friends at Select Sires Argentina & Juan Debernardi-Carne. We thought he was the true highlight calving ease bull of the 2023 Schaff Angus Valley sale.

Easy Street's beautifully uddered President dam has a birth ratio of 2@87. His maternal granddam has a birth ratio of 10@93 and his great granddam has a birth ratio of 10@95. His second and third dams both produced beyond 12 years of age, proving not only their fertility, but their longevity, as well. This makes us very confident in Easy Street's potential to be a long-term calving-ease bull that will leave behind beautiful, productive, long-lasting females.

We expect this gentle-disposition bull to make beautiful females in a calving-ease package.

For semen on these bulls or to book custom AI services, contact us!

## TIM, KATHY, AND GARRETT MEYER, RICHARDTON, ND 25 ANGUS REPLACEMENT HEIFER CALVES

Contact: **TIM MEYER • (701) 290-0172**

Contact: **GARRETT MEYER • (701) 290-1273**

The Meyer family will be bringing 25 head of heifer calves to the Badlands Angus Alliance heifer calf sale. For over 30 years, the Meyer's have implemented an extensive AI program not only in their heifers, but also in their mature cow herd. This set of heifers will be sired by sons of Badlands, Rainfall, Roughrider, and Grand Canyon. The cow herd behind these heifers is heavily influenced by bulls such as Mustang, Grid Maker, BAR EXT, Predestined, 6I6, Rainfall, Resource, Grand Canyon, Stellar. The Meyer's cowherd is truly impressive to evaluate. Their cows are high-volume, easy fleshing females that wean heavy calves without a lot of extra inputs. The past two years, the high selling group of bred heifers at the Badlands Angus Alliance Bred Heifer Sale has been heavily influenced by, and included heifers off of the Meyer's operation.

They have had a full scope of vaccinations both spring and fall including Bovi-Shield Gold One-Shot®, Bovilis® 20/20 Vision® 7, Bovilis® Vision 7® Somnus, and Endovac Beef. They were dewormed with Safe-Guard® and poured with Clean-Up® II. These heifers are bangs vaccinated and preg-checked open and breedable.

**S A V GRAND CANYON 0969**

## PRAIRIE DIAMOND RANCH, HEBRON, ND 70 ANGUS REPLACEMENT HEIFER CALVES

Contact: **KELLEN UNRUH • (701) 870-4152**

Contact: **KANE UNRUH • (701) 880-7583**

Contact: **KANYON UNRUH • (701) 891-8251**

Kelly, Lori, and their boys Kane and Kanyon, have developed one of the true reputation herds of cattle in this region. Whether they are selling feeder calves, bred heifers, or heifer calves, their cattle have long been sought after and consistently top the market. The Unruh's buy top end bulls no matter where they are buying and have AI'd their heifers and cows for decades. This is one of the real good cow herds I have the opportunity to work with. The cows are loaded with capacity and fleshing ability, and they bring in a big set of calves every fall. Some of the more recent genetics to heavily influence this herd would be Rainfall, Badlands, Resource, Rainmaker 4404, and Renovation.

These heifers have had a full scope of vaccinations both spring and fall, including Bovilis® 20/20 Vision® 7, Inforce 3®, One Shot® BVD, Bovi-Shield Gold One Shot, Bovilis® Vision 7® Somnus, Express® 5 HS, and 2 doses of pinkeye vaccine. This fall they were dewormed with Valcor® and pored with Clean-Up® II. These heifers are bangs vaccinated and preg-checked open and breedable.

## CALVING★EASE BULLS

FOR YOUR NEXT HEIFER PROJECT!

### Wolverine

SAT Wolverine 916 • Reg #: 19544206 • The Wolverine progeny are moderate, stout, good footed, loaded with breed character, and have plenty of substance for a bull with his level of calving ease. His high volume, easy fleshing Pathfinder dam records a BW ratio of 5/98 and a WW ratio of 5/105. Wolverine has become a go to for breeding virgin heifers nationwide as he has ascended to near the top of Select Sires sales the past two years.

Contact Select Sires or Talkington Angus Ranch for semen.

### Klondike

Montana Klondike • Reg #: 20412812 • Klondike was our selection at the 2023 Montana Ranch sale. He is stout made with an impressive hip, excellent hoof structure, and a real herd sire look in a moderate package. He will be an important part of our heifer breeding going forward in our herd and in custom AI projects. His sire, Logo 8148, is an outcross source of low birthweight and high growth genetics. His dam, Coleman Donna 505, is powerfully built, yet feminine with a picture-perfect udder.

Contact Talkington Angus Ranch or Montana Ranch for semen.

### E&B Essential

E&B Essential • Reg #: 20128935 • Essential possesses incredible structure and design and we appreciate his foot quality and mobility. He is a balanced trait sire fortified by a proven cow family that we expect to add fleshing ability, improve docility, and longevity. His standout dam is admired for her femininity, structural integrity, udder quality, and exceptional feet and legs. She is also the dam of the Accelerated Genetics sire E&B New Addition, who has been a perennial sales leader and has left beautiful, moderate framed daughters with exceptional udder quality who wean big calves across the US and South America. We feel Essential has the potential to be one of the top maternal sons of the extremely popular Growth Fund.

Contact ST Genetics or Talkington Angus Ranch for semen.

# CALVING-EASE BULLS

FOR YOUR NEXT HEIFER PROJECT!

## Angus Alliance Winchester 975 - Reg# 16533253

After using Winchester for a season and being thoroughly impressed, we purchased a semen interest in Winchester. We have used him mainly for breeding heifers for the past five years. The calves come easy with excellent vigor. He has a classic pedigree combining maybe the greatest female producer in the history of the Angus breed in N Bar Emulation EXT and Coleman Donna 386, the matriarch of the Coleman program. The daughters are what you would expect. They are attractive wedge-shaped females with strong udder attachments and perfect teat size. His EPD profile has held strong even though he has more of a historic pedigree. His actual performance ratios from use in 7 herds show 102 ratio for yearling and weaning along with 106 for marbling. His progeny demonstrate extra length and excellent rib and capacity. Dispositions have been very good. We have only had one cow that needed to be culled due to temperament after calving. If you are looking for sure thing calving ease and exceptional daughters with a classic pedigree, you might want to give him a try.

## Best Box Cross 291 - Reg# 17438354

We have never used a bull that has had a more positive impact on our herd than Box Cross's sire LAR Alliance 64L. We have used numerous sons over the years and many of our top cows have been 64L daughters. Box Cross's dam was a Pathfinder donor dam that weaned off 9 calves for us with a 105 weaning ratio. She was my favorite cow at the ranch. We sold Box Cross to Ash Coulee Ranch as a yearling. Scott used him on heifers and cows with great success. Many of his sons were sale toppers and Scott says he still has customers asking if they could get more Box Cross sons. We didn't start using Box Cross until we started to see daughters producing for Ash Coulee. Box Cross calves are small at birth, but they still have excellent calf vigor and they catch up to their higher birth contemporaries by weaning. Box Cross will reduce frame without a big decrease in performance. The daughters are fertile and productive. Box Cross daughters are the smallest cows in our herd, with excellent udder structure with strong attachments and small teats. They are fertile and easy cattle to be around.

Coleman Donna 386 is the dam of Winchester

N Bar Emulation EXT is the sire of Winchester

BULL & BRED FEMALE SALE**

**December 2, 2026 - Stockmen's West - Dickinson, ND - 12 p.m. MST**

**60 COMING 2-YEAR-OLD ANGUS BULLS**

**600 COMMERCIAL BRED HEIFERS FROM OUR CUSTOMERS**

The Talkington, Best and Strommen herds are each backed by a similar maternally-oriented, balanced-trait breeding philosophy. We each place heavy emphasis on fertile, efficient, easy fleshing cows, which is why our genetics fit well together for discriminating cattlemen who desire cattle backed by generations of maternal excellence – phenotypically appealing females with good feet, great udders and outstanding docility.

We invite you to join us in Dickinson on **Feb. 5, 2026** for the third annual Badlands Angus Alliance Replacement Heifer Calf Special, featuring 300 replacement-quality heifer calves from our customers and again on Dec. 2, 2026, for the Badlands Angus Alliance Bull & Bred Female Sale featuring elite, source- and genetic-verified bred females from our customers, as well as stout, rugged, coming 2-year-old bulls from our respective programs.
